

296 Beacon St. Dec. 23^d/1883

My dear Dr Gray,

You must believe me
when I say that your
Address delivered at Montreal
interested me much. I hardly
do more than glance at most
of the pamphlet which I lay
down when my table, but
yours took so much hold of
my attention that I must
keep it by me to read man-
cifully some of the parts which
I wish to take in more thoroughly.
Always truly yours
D. W. Hoopes
